E2E TECHNOLOGIES – COMPANY PROFILE

Your trusted partner for rapid and successful business transformation

E2E is the leading supplier of a fully model-driven platform for rapid Process Integration and Automation (PIA), the E2E Bridge, for:

- ▶ Efficient B2C and B2B integration for e-Commerce
- ▶ Rapid connectivity for end-to-end process optimization
- ▶ Secure and flexible integration of external Cloud services

Company

Founded in 1996 and headquartered in Basel (Switzerland), E2E is represented worldwide through a network of partners. E2E has 75 customers in 22 countries, including Antalis, DKSH, EVN, Nikon, Nokia Siemens Networks, RBS, Swisscom and UBS. Technology partners are SAP, Oracle, Microsoft, Avaloq & No Magic. In 2007, E2E was mentioned by Gartner in the Cool Vendor Report for Integration & Platforms.

Product

The E2E Bridge platform is a powerful tool for rapid Process Integration and Automation (PIA). It fosters efficient collaboration between business and IT. Enterprises and institutions of all sizes use the Bridge to bring business ideas 5-6 faster to market, reduce total cost by 60% and to increase entrepreneurial flexibility. The Bridge is certified for SAP, Oracle and Microsoft. It is the first Swiss Made Software certified for the ISO 25001 quality standard. It is listed amongst the Visionaries in the Gartner Magic Quadrants for Systematic SOA-Style Projects, Systematic Application Integration Projects and Back-End Integration.

Management

The leaders at E2E combine technical vision with business focus and the experience from 25 years of successful IT initiatives:

- ▶ Serge Gansner (CEO & Co-Founder)
- ▶ Alex Büch (CSO & Co-Founder)
- ▶ Marcel Rassinger (CTO)
- ▶ Chris Henn (VP Business Development)

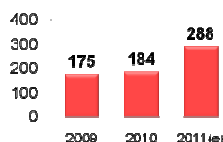

Powered by Scheer Group

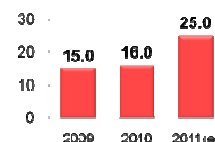

E2E is an independent company of the Scheer Group GmbH network of software and service companies, which fosters the close collaboration of innovative IT ventures to offer clients value added products and services of high quality and business efficiency. It maintains close interactions with academia and research institutions.

Initiator and founder of the Scheer Group GmbH is the entrepreneur and Professor for Enterprise Information Technology August-Wilhelm Scheer, who maintains an investment in the network companies, providing them with guidance and personal support for business development initiatives.
