

E2E expands Board of Directors with internationally renowned experts

Basel, December 12, 2005

E2E Technologies Ltd., global supplier of extended enterprise software, has complemented its board of directors over the last few months to support the ongoing expansion and internationalisation of E2E with leading expert advice. New members on the board are Andreas Bünter, who will cover the domains Finance and Governance, and Paul Nerger, who provides executive advice regarding internationalisation, growth management, business models and product pricing.

Paul Nerger (50)

Paul Nerger is currently a Director and Senior Vice President of the Quality of Devices Business Unit at Argo Interactive Ltd (Argogroup). Funded by Apax and 3i, Argogroup are the market leading providers of automated test and evaluation tools for the Mobile Telecommunications industry.

Paul has been with Argogroup for nearly five years. During that time he has held a number of positions including Vice President of Sales and Marketing, Vice President of Marketing and Business Development. He led the early Argogroup team through a period of rapid sales growth and new customer acquisition around the globe including companies such as Vodafone, Orange, Telefonica, Cingular, AT&T, Microsoft, Motorola, Ericsson, and SonyEricsson. Today Argogroup has over 60 major customers in 30 countries around the globe.

Paul Nerger is also the current Chairman of Market Magic Ltd, a UK based consulting firm which specializes in the licensing, pricing, and packaging of enterprise software packages. Market Magic customers include IBM, HP, Sanctum, JD Edwards, PeopleSoft, and Orange.

Previously, Paul has held senior positions with other companies including Vice President of Marketing for Informix Software, Vice President of Marketing for SGI's Server Division, and General Manager of the Data Warehousing Line of Business for Sequent Computer

Systems. He spent several years at Digital Equipment Corporation and held several positions around the globe in Engineering, Sales, and Marketing.

Paul served as a Captain in the United States Air Force and graduated with a BS in Computer Science from Washington State University in 1977. He has also done some post-graduate work in business at Oxford University and has lectured at the MIT Sloane Business School's Institute for Business Innovation.

Paul is a member of the Institute of Directors, the Royal Air Force Club, and is a Fellow of the Royal Society of Arts.

Andreas Bünter (42)

Andreas Bünter is Founder and Managing Partner of VenGrow Corporate Finance Ltd, Wettingen, Switzerland. He has held a variety of management positions in banking since 1982, covering Trading, Financial Analysis, Fund Management, Product Development and Sales Management.

His Entrepreneurial experience began in 1991 with the founding of his own company for Financial Analysis and Investment Consulting. He built a broad base of several thousand regular customers in Germany, Switzerland and Austria. Merger and integration of this company into a Financial Services company was realized in 1997/98, followed by the sale of his shares in 2000. He structured and supported merger and acquisition activities for the Crealogix group, a leading e-business firm based in Switzerland, in 2001.

Andreas started his career with a business vocational training in the banking sector and holds a degree as Business Economist and Swiss Certified Financial Analyst/Asset Manager as well as the international CIIA (Certified International Investment Analyst). He is a member of SECA, SFAA, DVFA.

Serge Gansner, CEO and one of the founders of E2E, comments: „E2E is proud about its ability to attract such high profile experts as board members. By complementing our board, E2E is well equipped in all domains of corporate leadership to execute the rapidly progressing expansion into a successful, international software company.”
